REQUEST AND AGREEMENT FOR YARD OR AREA LIGHTING

I_____ hereby makes request of Lincoln Electric Cooperative, Inc., for installation of area lighting. Member agrees to pay, as an aid to construction, per the following guidelines:

- Existing pole and transformer in place — No charge
- All other installations — Follow Extension Policy #302

Such payment shall not be refundable. The Cooperative will retain ownership of all facilities needed to install said lighting. The member agrees to pay monthly, to the Cooperative, the charge in effect for the type of lighting installed. Special lighting arrangements may require specific lighting agreements. Monthly rate shall be added to the regular monthly energy bill of the member and shall constitute a part of such bill.

The Cooperative shall install, at no cost, except as noted above, a _____watt high pressure sodium lighting fixture. The Cooperative shall replace bulb and repair all damages to the fixture at its own expense, except when damage to bulb or fixture is caused by vandalism or malicious destruction, in which case the member shall be responsible for the cost of repairing such damage.

This agreement shall be binding upon the legal representatives, heirs, successors and assignees of the respective parties hereto.

IN WITNESS WHEREOF, the parties hereto have executed this agreement as of this _____day of _____, 20_____.
